

Say "I do" the West Coast Way

by Marsha Steeves - CTC

Open to the storms of the Pacific Northwest, lays a unique hideaway.

Amidst giant douglas fur and cedar, perched out over the Chesterman Beach, behold ...

"The Wickaninnish Inn." Designed in all the natural elements of its habitat, a true Masterpiece! Typifying the unparalleled beauty of the North Pacific Coast. Creating a natural playground and certainly an awesome Venue to say "I Do!" All your senses authentically now stimulated, you succumb to the thrush of the pounding waves against the Jagged Rocks, your backdrop. Your beach, a natural gallery of bleached driftwood, untouched swept up by the surf. Captivated and "In the moment" you will become!!

Your accommodations, a "Canopy Bridal Suite," where your floor to ceiling view will stretch right across your room and into the bathroom. All of the rooms displaying unique artifacts, depicting local artist and carvers. Your room will be well equipped, and provide you with your "Terry Robes" for lounging, to your "Galoshes and Rain Gear" for those occasional stormy days. You may find yourselves just snuggling up on your comfy-cozy lounge by the fireplace and enjoying a fine port.

"Sequestered" as you are, you will no doubt entertain many a fond memory, on your private balcony watching a sunset or maybe a storm! Whatever the day brings you, when evening nears, you will look forward to your floral bath drawn and waiting for you in your double soaker tub.

Lazy days can be spent beachcombing for driftwood or taking a stroll out to the sandbar to "Frank Island" for a private picnic, the Inn can arrange for you. For the more active days you can take the trails through the Rain Forest or take a challenge and hike some of the "West Coast Trails." Try a cycling excursion to explore the nearby towns Ucluetet or Tofino; visiting some hip cafes and galleries. Don't forget to try the Hot Springs Cove nearby.

Be sure to take an afternoon and journey to the Inn's "Ancient Cedar Spa"- another opportunity to rejuvenate and harmonize with nature. You will now be treated to a foot bath to help you unwind and let go. You will then be taken to the "Cedar Sanctuary," a private haven for "Him and Her," overlooking the Ocean. You will experience ancient Hawaiian secrets in massage treatments; the Lomilomi and Kahi Loa. I need say no more....

The Wickaninnish Inn is globally recognized as a "Relais Chateau" member and you can't help but be constantly reminded of its "Quality and Deliverance". Each staff member will know you by name upon your arrival and treat you as a

very special guest that you are! They are happy when they can fulfill a need or tell you more about their property that they are so proud of.

Your expectations will be exceeded, when you're welcomed into the "Pointe Restaurant." Don't let the 240 degree panoramic view, distract you from the presentation of the food. Your menu will consist of organic produce, together with an array of free range meats and fresh coastal seafood. Your food will no doubt be displayed on a beautiful piece of knotted wood; your candle burning in a carved out stone. Embodying once again true Rustic Elegance and keeping you centered in your moment. Your bar will be raised when you dare to indulge, treating yourselves to the Inn's "Tasting and Wine Pairing Menu."

A Gastronomical Adventure, where you will delight in an evening, sampling 5 courses of the finest creations of Chef De Cuisine "Andrew Springett." Each one paired with some of BC's most exclusive bottlings, by the on-site "Sommelier Team."

The "Wickaninnish Inn" can provide an Authentic and Dramatic stage for a unique Honeymoon or Wedding experience. Your expert Honeymoon Specialist and their on-site seasoned planners, will help orchestrate the most memorable event of your life! They want to ensure that not only your Guests are enjoying themselves but that you are relaxed enough to commemorate the day with the joy and anticipation that you deserve!
